To Whom It May Concern,

My name is Dino Browne and I am the Executive Director of Entrepreneurship and Financial Empowerment at the Las Vegas Urban League. I am writing to recommend and highly endorse Ms. Christina Aldan. I have known Christina through her work that she has done with my Entrepreneurship Center, as well as much of the work that she does to help individuals in our community.

Christina is a well-known speaker in the Vegas Valley and is quickly becoming a household name. She has spoken several times and led training workshops around business start-ups, entrepreneurship, social media, and work-life integration. Christina is extremely knowledgeable in many facets of business management and can speak to, train, or educate along a myriad of different topics.

Christina has shown the kind of initiative that is necessary to be successful over the long term in the field of entrepreneurship. Her website development business, LG Designs, barely scratches the surface of what she is capable of. She has excellent content skills, yet remains focused on the overall needs of her clients. I believe that she will continue to be an entrepreneur with many businesses and has an excellent future. Christina is an excellent speaker and has an excellent work ethic.

I would recommend Christina to anyone without reservation. If you have any further questions with regard to my experience with her, please do not hesitate to call me.

Sincerely,

Dino E. Browne
