To Whom It May Concern:

I have been fortunate enough to work with TEDx speaker Christina Aldan on several occasions, including the Las Vegas Women in Tech Awards, Women Advancing, Girls in Tech Las Vegas and HiTech Vegas. Her enthusiasm and passion for empowering others (especially women) is infectious. Whenever she has spoken at our events, attendees left enlightened and inspired. Her attitude is always positive, charming, determined.

As the presenter for a recent hiTech Vegas event, I was excited to learn that several attendees showed up just to watch her speak; Christina draws a crowd because she really knows how to engage an audience by encouraging them to think critically. Her leadership in our Las Vegas community has been recognized by various organizations. She has an intuitive gift for taking the audience along a journey while teaching simplified lessons in small business, mentorship, connection and digital advertising.

Any conference that includes Christina Aldan for a keynote or workshop will not be disappointed. This is why I whole-heartedly endorse Christina Aldan for her speaking skills.

Please feel free to contact me directly with questions.
